

## *The Harvest is Plentiful!*

Then he said to his disciples, "The harvest is plentiful, but the laborers are few; therefore pray earnestly to the Lord of the harvest to send out laborers into His harvest." Matt. 9:37-38

I have often said that I believe Africa to be the ripest harvest on the earth in this season. We are seeing an unbelievable openness to the Gospel in Uganda. When a harvest is ripe, we must send the laborers to reap it! In September we traveled to Tororo, Uganda to bring in the Harvest and I believe it was our most fruitful trip yet. Every trip seems to be more fruitful than the last.

On this trip we saw several hundred people accept Christ, hundreds of healings, dozens of people delivered from demonic oppression, and many baptized in the Holy Spirit. We had a crusade that had close to 2,000 people in attendance on the third night. We opened a church that had 150 people in the first service, and we baptized 78 people in water! The only water source nearby was a leech infested mud puddle, but we continued baptizing people as I pulled off over 20 leeches from my legs. Jesus shed His blood for these precious people, I figured I could shed a little for them as well! One of the biggest wins from this trip is that the second service of the church, after we had already left, nearly doubled in attendance! With almost 300 people at the second service of the church we believe that revival has come to Tororo! Thank you for standing with us in prayer and finances. I want to say a special thank you to Pastor Garry Hamilton and Tower Hill Church who paid for the entire church building!

We are planning another trip to Uganda this January to plant a church and have a crusade in a majority Muslim area. As we go to bring in the harvest, we ask that you pray for us, and if God is calling you to go, please reach out to us and we would love to have you on a trip. Please also prayerfully consider sowing a seed into this incredible harvest!

## *Delivered From Demons*

As we were walking through the villages on our first day, we came to this lady's house. After sharing with her for a few moments we noticed a wound on her shoulder. We asked what happened and her husband informed us that sometimes at night she loses her mind and starts screaming and throwing herself into walls and dragging herself on the ground. After hearing this, I asked if I could pray for her. I rebuked the demonic spirit and she began to run backwards for about 10-15 yards. As I chased after her rebuking the spirit, she finally fell and was totally delivered. When she stood back up, I asked her why she had run backwards. She told me that a very strong wind came and pushed her back and she could not withstand it. The wind of the Holy Spirit had come and

pushed the demons out of her! After she was delivered, she accepted Christ, was baptized in the Holy Spirit, attended all our services, and was baptized in water after the opening service of our church! All her neighbors accepted Christ as well when they saw what took place in her life. This is one of many testimonies like it from this trip.

## The Global Rescue Initiative

We continue to develop our ministry rescuing young girls from sex trafficking as well. This year we opened our third home! This is a home for girls who are over 18. Some of our girls have started to age out of the program and had nowhere to go. Starting this home will allow us to help them to get settled in life as well as empower us to rescue women who are in forced prostitution. We are already planning our next rescue homes as well. Please pray for us as we continue to develop this ministry. If you would like to send a designated gift toward our rescue ministry you can do so on our website.

## Thank You!

It always amazes me to think what God has done through the ministry of Global Renewal over these past few years. With so many exciting developments happening, I know that we could not do it without all of you! Thank you so much for your generosity and prayers. God is moving and we are bringing in a harvest together!

Blessings!
