

*Greetings Friend,*

Long ago, the nation of Kenya was conquered and ruled by the Sultan of Zanzibar. Even up until 1963, Zanzibar retained control of the coastal region of Kenya. Under the influence of Zanzibar, Islam flourished. The coastal region of Kenya is the only place in the nation where Muslims still outnumber Christians today. Christianity, however, has been growing stronger in this area and we are so excited to be part of reaching this beautiful region with the truth of the Gospel and the love of Jesus!

There is an old song that came out of the Brownsville Revival that goes, "I went to the enemy's camp and I took back what he stole from me." This past January I travelled with my Kenyan team to the coastal region of Kenya to take back what the enemy stole. We had a powerful outreach in the village of Kakanjuni, where we saw many people saved and the power of God was on full display! The final day of the outreach we launched a new church in this village!

Before we arrived, the building that we had planned to launch in was sold to another person, and we were left with nowhere to launch the church. However, during door-to-door evangelism, two of our team members had the opportunity to pray for the daughter of a Muslim couple who had been sick for a very long time. Her parents had brought her to other faith leaders and no one could help. When our team prayed over her she was instantly, totally healed! Her parents immediately offered us their land to build a church on! We quickly put up two tents so that we could begin services that week.

*Commissioning the new pastor of the church!*

The most exciting part of the trip was to see how our Kenyan team is coming together! They are on fire for Jesus and excited to reach the coastal region! We already have the next church planter selected and are preparing to send him to launch a church in the center of Mombasa city! Our desire is to see a church planting movement started in the coastal region under the name "Injili (Gospel in Swahili) Renewal Church".

*Mombasa city, the future home of our next church plant.*

*A vision for the masses, a heart for the one.*

## Upcoming Trip

My next trip is coming up in April. I will be travelling with a team to a closed country in Southern Asia. We are planning to have a crusade in the center of the capital city of this country. We are expecting thousands of people to attend the crusade, and out of those meetings we plan to launch several churches around the city. We are currently helping the church planters prepare for the launch.

Part of our launch strategy is to provide them each with two buses so that they can bring non-believers from their neighborhoods to the crusade! Services will begin in the new churches on the final day of the crusade. Please pray for us for provision, protection, and most importantly for souls to be saved and the Kingdom established in this nation!

## Thank You

It has been amazing to see how our partners here in the States have rallied with us over this past year to see the Kingdom established around the world. The Lord continues to open doors for fruitful ministry in the USA and abroad, and all of you have been so faithful to join with us in walking through those doors! Thank you all for your faithful prayers, support, encouragement, and love. We love you all and are so happy that you are part of our team!

God bless you!
