

*I tell you, open your eyes and look at the fields!
They are ripe for harvest.*

John 4:35b

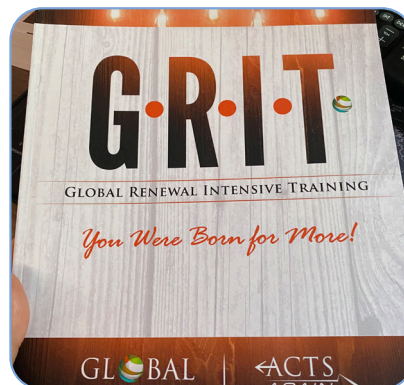

So far this year I have experienced an incredible openness to the Gospel wherever I go. Whether it is waitresses in restaurants or churches where I have been preaching, people are open and in need of Jesus! The services this year have been incredibly fruitful with more and more people responding to salvation calls. This past week I was in a small church of under 100 people and 10 people responded to surrender their lives to Christ! The harvest is ripe! I believe that we are in a unique time, a season of reaping. We as Christians must step up and bring in the harvest that God has prepared!

It has been a joy to see how my schedule has once again picked up in 2021! I have been travelling and preaching multiple times each week, still leading our house church network, training our pastors overseas through Zoom, and currently running our "Global Renewal Intensive Training" program (G.R.I.T.) again. We are beginning to plan international trips again as well.

Our work overseas has also continued to thrive! Becoming less necessary is one of the best feelings in the world to a leader. One of my greatest joys in 2020 and the beginning of 2021 was to see that our networks in Uganda and Nepal were able to plant new churches without me even coming to the country! One of the new churches that was planted in 2020 was in Sereni, Uganda. One of our pastors visited Sereni where he found that many of the people there were demonically oppressed. After the Lord set several people free in Sereni, people began to come to Christ! Now just a few months later they already have about 100 people gathering in Sereni! We are purchasing a piece of land for them this week so that they can begin to construct a church building. They are already making the bricks. The harvest is ripe and we at Global Renewal want to do everything that we can to reap the greatest harvest possible. Thank you for partnering with us to reach the world!

Recently Renewed - Anthony and Tori's story

"At the end of a long summer God put Jesse directly in our paths. We were an unwed couple with two children and no plans to marry. We were centering our lives on worldly desires and leading our children into that same lifestyle. Thank God He had bigger plans for our lives! It did not take long after going to our first night of house church for our lives to start radically changing. We chose very quickly to surrender our lives to Christ. We got engaged, were baptized in water and in the Spirit all in the same week! Tori went from going with the girls at work to the bar on Friday nights to preaching the Gospel to them weekly and praying for co-workers in the break room. I went from focusing on things of the flesh and constantly stressing about work, money, and possessions, to instead trusting God's will and promises for me. Coming to the realization that through Jesus we do not have to live in sin was huge for me. We have been experiencing God's presence daily! Tori was able to surrender her smoking to God and only by His strength she has been smoke-free for three months. This summer we will be getting married and Jesse will be our officiant. Our children know the words to worship music, they join us in prayer, look forward to church and are just as eager as we are to serve God. Today we can happily say that we are leading our family on a road to heaven. We strive daily to be in the Word, to commit to prayer, and to grow in faith and obedience. We thank God daily for saving us when He did! Praise the Lord, we are Born Again & FREE!"

Thank You

God continues to open doors for us for fruitful ministry. One thing is for sure, we could not do everything that we are doing without all of you on our team! Every one of you who prays for us or partners financially is sharing with us in this harvest. I cannot wait to stand in Heaven with you all as we present our collective offering to the Lord and receive our eternal reward! Thank you all for partnering with us to continue making disciples of all nations. We love and appreciate you!

Blessings!
