

*Dear Friends,*

2022 is already shaping up to be our best year yet. We recently returned from an incredible trip to Hoima, Uganda where we saw hundreds of people rush to the altar at our crusade to receive Jesus as their Lord and savior. During that trip we also saw many notable miracles and healings, demons were cast out from many who were possessed, and many people were baptized in the Holy Spirit after being born again. We launched our church in Hoima on February 27th. The opening service was packed and they have been thriving since then. What a tremendous privilege it is to partner with our Lord to reconcile this world to the Father.

*The Opening Service of the Church in Hoima*

Thanks to your generosity we were able to provide food and medicine to a remote area in eastern Nepal during the height of the lockdowns. Through that display of love many people in this unreached tribe received Jesus and were baptized in water. Since then, we have sent a pastor to stay there and establish a church among this tribe known as the Limbu people. The church has continued to grow and the building for this church is being completed now!

Our rescue ministry is continuing to develop as well. We have started a home in Kampala, Uganda and are rescuing young ladies from horrible situations. We currently have 17 ladies living in the home and learning a trade. As you know, we have been rescuing underage girls in India for years. Through this home we have rescued over 2,000 girls. Over 1,800 of those girls have been restored to their families. The rest are being cared for in our home or in one of our partner orphanages. We now have 22

*The Members of our Church in Eastern Nepal*

paid staff members working for this rescue ministry in India. As several of our girls have turned 18 and can no longer legally stay with the underage girls, the Lord has provided for us to open another home in India for girls who are over 18. Lord willing, this home will be ready in 1-2 months. With this home we can give our girls a stable place to live after they turn 18 so that they can continue their studies, find jobs, and start their new lives in the best possible way. It will also enable us to rescue adult women from forced prostitution.

We are currently running our ministry training program, "Global Renewal Intensive Training" for the third time. We are in the process of recording all the teaching sessions and will make the video teachings with the textbook available online for people to do on their own time soon! Our house church network, "Acts Again," also continues to grow. My parents have started one in their home that is going great, and we have many more in the planning stages right now!

*A vision for the masses, a heart for the one.*

## The Next Steps!

In September we will be bringing another team to Uganda to do two crusades and launch two churches in two different cities! Please pray for us as we go! We know that it will be another great harvest. We are also planning a trip to Israel in May. The Lord has been speaking to me in prayer about Israel so I will go for several days to pray, connect with people, and plan how to reach God's original chosen people! We are also actively working to expand our rescue ministry into new cities and new countries to continue rescuing young ladies from trafficking and abuse!

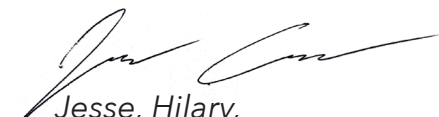

## Thank You!

We are constantly in awe of the provision of God and the generosity of His people. Thank you for empowering us to do reach the Lost, establish His church, and rescue these precious young ladies! I strongly believe that comfort is the enemy of growth, so I try to never allow myself to become comfortable where I am. This year we are taking some major steps of faith and I am excited to see how God provides and gives growth every step of the way! Currently we need to raise an additional \$2,000 in monthly support to run the over-18 rescue home. We are starting right away and trusting that God will bring in all the money we need as we go. Thank you for your prayers and generosity!

## A Special Prayer Request for Jesse and Kay Owens

I would like to ask you to pray for the founders of Global Renewal. They have both had serious health challenges in the last couple of months. Jesse Owens had a major stroke and has been in the hospital and now in a rehab facility for two months. Kay was in the Hospital for over 40 days after a serious battle with Covid and Pneumonia. She is happy to be back at home but is still physically very weak. Please pray for them in their recovery and for wisdom for them and their family to know what the best next steps are for their care.

Blessings!

Jesse, Hilary,  
Ellianna and Joseph Comrie
