

"The purpose of the Lord will stand."

To say 2020 has thrown us all a curveball would be an understatement. All of us had plans, visions, and preconceived notions of how our year would look. I do not think any of us imagined this. What is comforting to remember is that God was not caught off guard. He who formed the earth is still firmly seated on His throne, and neither Corona virus nor anything else in existence will ever pose any threat to our Father. The Bible says in Proverbs 19:21 "Many are the plans in the mind of a man, but it is the purpose of the Lord that will stand." My encouragement to all our wonderful friends and partners is that even though your plans may have been altered, God's purpose in your life will stand, His purpose in this nation will stand, and His purpose in this world will be accomplished!

Our plans for this year have been drastically altered. With international travel ground to a halt, churches being temporarily online only, and gatherings so heavily restricted, we have had to start from scratch in planning our year. We have had to cancel several international trips up until September, which is still very questionable at this point. For two months I was unable to preach except for online services, interviews, and our own small gatherings that we continue to host in our home. I am so thankful to be travelling and preaching again now!

It is amazing to see how God has been moving even through these crazy times! We have had people accept Jesus, receive the baptism of the Holy Spirit, and be physically healed all through our live streams. We have been able to reach out locally more than ever. Last night I asked my neighbors how their father was doing, as he had been diagnosed with cancer last year. Their response was, "He is better than he has been in 20 years, and he was just telling people this morning how you prayed for him in our garage." In language too colorful for a newsletter, they went on to exclaim that the prayer had worked. I personally love conversations like that, just absolutely raw wonder of what God is capable of. Join us in prayer for the salvation of our neighbors!

As hard as this pandemic has hit us here in America, the economic fallout is far more severe in several countries that we work in. With sweeping shutdowns in Uganda, India, Nepal, and Kenya, many people who already had barely enough to eat are now struggling to survive. After hearing that a worship leader and her family of eight in our church in Kampala had not eaten in three days because of lockdowns and economic hardship, we began to reach out and raise money to help them. I cannot imagine having six kids including toddlers and not being able to feed them for three days. Since then, we have sent about \$10,000 to feed the hungry overseas. Thanks to many of you who have stepped up to help us we have been able to provide food for all the families in the churches we have planted overseas!

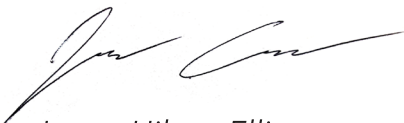

Prayer Request

Many people have asked us how they can pray for us in this time. On a personal level we are doing great! Our spirits are high, and I am enjoying more time with my family than I have ever had. The thing that weighs on me is my concern for the churches overseas. Please join with me in prayer for provision, protection, and peace for all our brothers and sisters in third world countries. If you would like to make a designated gift to our feeding project you can do so on our website, or write "feeding" on the memo line of the check. Please also let me know how we can pray for you!

Thank You

Whenever I sit to write this newsletter I am overwhelmed with gratitude toward all of you who stand with us. God has blessed us with so many incredible friends and partners in ministry! It is because of all of you that we were able to provide food for all those families overseas, and I am so incredibly grateful to you all. Thank you for empowering us to reach the world with the love of Jesus!

Blessings!
